

Suspect (Album Version)

Daniel Powter

Take me down Tonight, I'll walk
Sit down and let me know my rights
Tell about, tell about someone else
I know it, I know it
This time is suspect there are
I talk and give me you the time [Chorus]
And spare time and talk with me
I don't ready think you go so suddenly
I don't know, I go to think about you What words I have?
Take time, we've spoken sixty-five
So about, so about you
I know it, I know it
This time, I've suspect stolen dollar
I talk with you this high [Chorus] Come and talk no tears
Come and talk no tears
Come and talk no tears
Come and talk no tears, tears Tears I come as well
Were you thinking right?
Was there are?
Ask for me, Ask for you
Unbelievable, what're you do? Tears I come as well
Were you thinking right?
Was there are?
Ask for me, Ask for you
Unbelievable, what you know I making wrong? And spare time and talk with me
I don't ready think you go so suddenly [Chorus]
