

You Better Hide (feat. Heidi Happy)

Yello

You know I
Have never been honest to you.
I'm sorry.
You know I
Have never been honest to you.
I'm sorry. You better hide from me.
You better hide from me,
Before I,
Before I,
Tell you the truth.
Hide from me. I planned on letting you know,
But I always was afraid
Of losing you.
And now my words are gone.
I've lost them too.
Hide from me.
