## Onyx

Aiyyo, what about the hoes? Hoes? Yeah, you know, the hoes  
This is for the nappy hoes, you know what I'm sayin'?  
Yeah, word is bond, all the hoes that wanna get scrappy  
We gonna do it like this for ya, check it one time  
It's just me and Jack, the blac vagina finda  
Me and Jack, the blac vagina finda  
Me and Jack, the blac vagina finda  
Me and Jack, it's just me and Jack  
I'm the motherfucker, fuckin' somebody daughter  
Go downstairs, shake hands with her father  
Say you need her back, no dad, don't bother  
Excuse me, mister, sir, but your daughter gets the rawest  
It's not everyday you get to be a genuine witness  
Of the nineteen ninety-two, annual fuckfest  
So take off your bra, show your breasts and move your dress  
Yo, what's the matter hooker, cat got your tongue?  
Or do you want my tongue to get your cat and get you strung  
I got the whip appeal, plus chains and bats  
And always wear hats, for flippin' in the puddy cats  
  
Move your feet, to your head, 'til you hear your bone crack  
When bitches get dick they don't know how to act  
And once you go black, you never go back  
I don't discriminate and just leave it at that  
I'm just one, stinky, kinky, slim not slinky  
Fiddle with your clitoris then pop your pussy with my pinky  
Tryin' to get yours, I'm tryin' to get minor  
It's just me and Jack, the blac vagina finda  
It's just me and Jack, the blac vagina finda  
Me and Jack, the blac vagina finda  
Me and Jack, the blac vagina finda  
It's just me and Jack, just me and Jack  
The perverted motherfuckers is at it again  
The perverted motherfuckers is at it again  
  
The perverted motherfuckers is at it again  
Fuckin' with a skin, fuckin' with a skin  
Nigga's in like a singer, the slick dick, pussy banger  
Titty strangler, rougher than a Wrangler

Guaranteed to make 'em bleed, they need paper satisfaction  
Big butt cheeks, the funky breakbeat action  
Leavin' the hoes, smackin' the hoes, leavin' 'em on the subway  
Lost without a care but can't walk 'cause that ass is broken  
First date, veteran, better than a nympho  
Sleek to the beat 'cause I be fuckin' on tempo  
Train like a trolley, lick her like a lolli  
I smoke more cheeba than motherfuckin' Bob Marley  
Lady persuader, big panty raider  
Four times a week, I get stuck in the elevator  
La, la, live to die, tricked on this slick and went way past her Y  
Jack B. Nimble, Jack B. Quick  
He got too slick, now he got a sick dick  
'Cause I don't really, really give a fuck  
Praise the Lord, cause even nuns get stuck  
Never play me like a burger, I'm never double cheesy  
Easy rider or writer, stinky never fighter  
Try to get yours, cause I know I'm gonna get minor  
Me and Jack, the blac vagina finda  
It's just me and Jack, the blac vagina finda  
Me and Jack, the blac vagina finda  
Me and Jack, the blac vagina finda  
It's just me and Jack, just me and Jack  
Me and Jack  
Me and Jack  
Me and Jack  
Me and Jack  
Ya, don't stop and ya don't quit  
We're gonna be fuckin some bitches kid  
Word is bond, word, to the hoes  
With the fat wet pussies, cunts
