

Fifteen Floors

Balthazar

Waiting on easy street
A brownstone where writers meet
Waiting so indiscreet
My sugar tooth feel her teeth
I guess all she is
My mistrust into predation
Sick of your tricks
So get your kicks of my frustration Your penguin suit is very cute
But I swear I can't remember
This view with a new prostitute who smells like ember
Firetruck always pretending I want the fucking disney ending
Firetruck always pretending I want the fucking disney ending And I don't know
I don't know
If you're the one
Who told me so
And I don't know
The words by heart
But they sure make sense
Ever since that we took part She said birth control, caffeine
Sick of daily routine
Birth control in between
Dancing with billie jean
Run to hell by midnight hour
Swim the styx
Take a shower
Get your head on by the sword
S wallower on the fifteenth floor
Tell your mother that you love her
Kiss her like you kiss no other
Tell your mother that you love her
Kiss her like you kiss no other And I don't know
I don't know
If you're the one
Who told me so
And I don't know
The words by heart
But they sure make sense
Ever since that we took part Now all the hard faces I've come
With tears that are old from laughter

It won't take long 'fore they get what their after
It won't take long 'fore they get what their after Now all the hard faces I've come
With tears that are old from laughter
It won't take long 'fore they get what their after
It won't take long 'fore they get
