

# Heartbreaker (Diskjokke Remix)

[diskJokke](#)

I heard she broke your heart again  
So now you're going to come and see me

We're back to the start again  
Whens she going to set me free

I've been there time and time again  
The girls no good for me and you  
She hurts me too

I heard she broke your heart again  
I heard she broke your heart  
Well that girl's a heart breaker

I heard she broke your heart again  
I heard she broke your heart  
Well that girl's a heart breaker

Well now that girl may have friends in the business  
And great qualities I have yet to see  
But in my eyes shes done us wrong enough times  
For your to side with me

I heard she broke your heart again  
I heard she broke your heart  
Well that girl's a heart breaker

I heard she broke your heart again  
I heard she broke your heart  
Well that girl's a heart breaker
