

# Bumblebee

## The City Drive

Won't you go to sleep now?  
You're buzzing like a bumblebee  
I know it's been a bad day  
You don't have to shout at me Over and over  
It won't do any good Baby, don't be such a baby  
Baby, don't be such a baby You know I'm on your side  
So just slow down Baby, don't be such a baby  
Baby, don't be such a baby
