

Plantation Boy

Boney M.

Lots of people walk about proud and free
Lift up your head, start looking around
There's a brand new feeling of liberty
Like a clear bell that's starting to sound Plantation Boy, c'mon and get going
Yesterday's chains have broken in two
Plantation Boy, the new move is growing
Reaching the hills and the valleys and you Plantation Boy
Plantation Boy Lots of smiling faces for you to meet
So many hands to help you along
Just shake off the mud that weighs down your feet
If you stand tall, you just can't go wrong Plantation Boy, c'mon and get going
Yesterday's chains have broken in two
Plantation Boy, the new move is growing
Reaching the hills, the valleys and you Plantation Boy
Plantation Boy Years of picking cotton for little pay
Living alone in some wooden shack
Sweating in the heat of a summer's day
This is all over, you won't come back Plantation Boy, c'mon and get going
Yesterday's chains have broken in two
Plantation Boy, the new move is growing
Reaching the hills, the valleys and you Plantation Boy
Plantation Boy Plantation Boy, c'mon and get going
Yesterday's chains have broken in two
Plantation Boy, the new move is growing
Reaching the hills, the valleys and you Plantation Boy
Plantation Boy Plantation Boy
Plantation Boy Wherever you may go Reaching the hills and the valleys and you
Reaching the hills and the valleys and you
Reaching the hills and the valleys and you
