

# Cool Night

## Young Widows

Times slides like amphetamine lies  
A pit of dreams  
Don't let the fire die  
'Cuz this is my backyard  
On such a cool night  
Old wounds got ya numb to disguise  
In couple hours the bats will fly  
In halo around your head  
It's such a cool night  
Such a cool night, I'd love to stay  
Such a cool,  
We could ease the pain  
You want to live like you want to die  
It's simple, I'm trying to survive  
On such a cool night  
Signs point in every which way  
Please, say that tomorrow will be yesterday  
It's such a cool night  
Such a cool night, I'd love to stay  
Such a cool night,  
We could ease the pain  
Easy pain
