

# Barabas

## David Tanenbaum

Something is changing  
Growing in your mind  
Can't do a thing about it  
Living in normal life  
Barabas

Can't remember the first light  
Must have been something enormous

I would give anything to travel into time  
Barabas

Must have been something enormous  
Something enormous, something enormous  
I would give anything to travel into time
