Dreams

Sweetbox

Your cruel glances, your gaze hurts
Evil dances behind your words
You set the volume before I've spoken
You took my heart to see it brokenLet me hear my dreams (let me hear my dreams)
Let me hear my dreams (let me hear my dreams)
Let me hear my dreams (let me hear my dreams)
Let me hear my dreams (let me hear my)I'm a dreamer on a rough sea
Daring to hope for more than just me
You're the current that takes me under
You're the dark cloud hiding my thunderLet me hear my dreams (let me hear my dreams)
Let me hear my dreams (let me hear my dreams)
Let me hear my dreams (let me hear my dreams)
Let me hear my dreams (let me hear my)You use my light so that you shine
You use my fear to limit my mind
It's my time now, my road is open
And I'll still fly though my wings are brokenLet me hear my dreams (let me hear my dreams)
Let me hear my dreams (let me hear my dreams)
Let me hear my dreams (let me hear my dreams)
Let me hear my dreams (let me hear my dreams)
Let me hear my dreams, let me hear my dreams
Let me hear my dreams (let me hear my dreams)
Let me hear my dreams (let me hear my dreams)
Let me hear my
