

# Your Love (All That I'm Missing)

[JD McPherson](#)

Don't need to worry about me cheating on you  
If that's the reason why that you're avoiding me  
I know you've seen me with some shaky girls  
But I'm just using them and they're just using me

Now I'm looking for love  
I've got a mansion on the hill  
And a pocket book packed to the hilt  
Up in my 59 I'd drive around the town  
I'll pretend you're in it  
I ain't got your love  
It's all that I'm missing

Don't need to worry about me taking care of you  
I'm gonna treat you like the Queen I think you are  
Believe, the man that I catch disrespecting you  
He's gonna know what it's like to swallow this guitar

I'm gonna make you my love  
I've got a mansion on the hill  
And a pocket book packed to the hilt  
Up in my 59 I'd drive around the town  
I'll pretend you're in it  
I ain't got your love  
It's all that I'm missing

I'm gonna make you my love  
I've got a mansion on a hill  
And a pocket book packed to the hilt  
Up in my 59 I'd drive around the town  
I'll pretend you're in it  
I ain't got your love  
It's all that I'm missing  
I ain't got your love  
It's all that I'm missing  
I ain't got your love  
It's all that I'm missing
