

Confetti Falling

Big Time Rush

All this talk about being in love
I could never get into the party
Never really understood what it was
What's the big deal anyway? Oh, I but I decided I should give it a try
The very moment you gave me the invite
I've never seen anything like it before
Once you open the door, see I was like Oh yeah yeah don't get any better
Oh yeah yeah wish that this was forever
'Cause your heart calling
Feels like confetti falling
And it's a celebration,
Feels like a celebration
'Cause your heart calling
Feels like confetti falling down, down, down And everybody make it a be rave
Even the butterflies can feel it
Then bliss came with mister first kiss
It was better than they ever explained it I think I even saw cupid flying round
I caught a glimpse before the lights went down
And when I turn to see the stars in your eyes, I realize, then I was like Oh yeah yeah don't get any better
Oh yeah yeah wish that this was forever
'Cause your heart calling
Feels like confetti falling
And it's a celebration,
Feels like a celebration
'Cause your heart calling
Feels like confetti falling
Down, down, down See I know its getting late
Only wish the sun would wait
Let this party last a little longer
See I know love it comes and goes
But this right here
I don't think I ever want to let it go
I wish I would've known All this talk about being in love
I could never get into the party
Now I understand only because
You show me the way, and now it's like Oh yeah yeah don't get any better
Oh yeah yeah wish that this was forever
'Cause your heart calling
Feels like confetti falling

And it's a celebration,
Feels like a celebration
'Cause your heart calling
Feels like confetti falling
Down, down, downWhoa down, down, down
Cause your heart calling
Feels like confetti falling
Down, down, downWhoa down, down, down
'Cause your heart calling
Feels like confetti falling
Down, down, down
