## Creeper

[Verse 1]

Baby, I'm sorry to call you so late  
Oh, I forget I can't call you that name  
Still make those slips all of the time  
Don't know when I'll get better  
I think to the night that you handed me back  
The records we shared and the life that we had  
You said in that condescending tone  
"I'll never forget you"[Chorus]  
She's in your jeans, but I don't care  
You were my dream, now my nightmare[Verse 2]  
At your sister's wedding I gave all that I had  
Your father was cold and your mother was sad  
I thought to myself they were like you and I when we last met  
My love is a nail I can't pull out with pliers  
The lovers I've had have been gaslighting liars  
Don't know what that says about me, but I just give in  
I mean it now, it's making me ill[Chorus]  
She's in your jeans, but I don't care  
You were my dream, now my nightmare[Bridge]  
So call me when you break up as you always do  
Can't promise I will pick up  
I'm done with you[Chorus]  
She's in your jeans, but I don't care  
You were my dream, now my nightmare  
She's in your jeans, but I don't care  
You were my dream, now my nightmare
