## **Moving Target**

## Massari

She's like a moving target Every time I wanna come and get close She fades away She's like a moving target If I don't hurry up and lock that She will get away Every time I step up and dance She always looks away But I know she's watching me She thinks that I don't know What's going down It's all up in her eyes So I know that she's feeling me Can't stop thinking about it It's about time I let her know Ain't no secret about it You want me girl, it shows Girl you know, it feels like a dream 'Cause you fading out my life And you know It hurts when you leave But I know that it ain't goodbye She keeps moving and keeps moving 'Cause she's my moving target She's like a moving target Every time I wanna come and get close She fades away She's like a moving target If I don't hurry up and lock that She will get away She's like a mystery to me This girl has got me thinking And I don't even know her name And every time she come around She don't know but money ain't a thing I can make it rain Can't stop thinking about it It's about time I let her know Ain't no secret about it

You want me girl, it shows
Girl, you know
It feels like a dream
'Cause you fading out my life
And you know
It hurts when you leave
But I know that it ain't goodbye
She keeps moving and keeps moving
'Cause she's my moving target
She's like a moving target
Every time I wanna come and get close
She fades away
She's like a moving target
If I don't hurry up and lock that
She will get away
