

Saturday Night Forever

Pet Shop Boys

I don't care what these commentators say
I swear I don't care for what difference do they make?
I go where I go and I get there fast
Don't stop me I know that it's not gonna last
Forever, forever
(Saturday night, Saturday night)
Forever, forever
(Saturday night, Saturday night)
If you see someone gorgeous
Then you think am I in with a chance?
Should I try? Buy a drink?
Or maybe it's too much like hard work tonight
But if they look my way I might be alright

Forever, forever
(Saturday night, Saturday night)
Forever, forever
(Saturday night, Saturday night)
I go where I go and I get there fast
Don't stop me I know that it's not gonna last
Forever, forever
(Saturday night, Saturday night)
Forever, forever
(Saturday night, Saturday night)
