

When Finally Set Free

Copeland

Feel the pain teaching us
How much more we can take
Reminding us
How far we've comeLet the pain burn away
From our hearts
We have time to start
All over againFeel the pain teaching us
How much more we can take
Reminding us
How far we've comeLet the pain burn away
From our hearts
We have time to start
All over againFeel the pain teaching us
How much more we can take
Reminding us
How far we've comeLet the pain burn away
From our heart
We have time to start
All over againWell, if you would shine
Your love down here, oh
Make our hearts
As perfect as newOh, if you would shine
Your love down here, oh
I promise I'll reflect it
Right back at youOh, I promise I'll reflect it
Right back at you
Oh, I promise we'll reflect it
Right back at you
