

Factory Flaws

Young Galaxy

You told me you were broken from the start
You used your hand to put mine to your heart
And said "I can't feel this,
I'm not sure I exist" You spoke of all the trouble in your town
Too prevalent for you to step around
Forcing you to bury
A burden too heavy You warned me of the potential cost
Of losing myself to those who are lost
I said "it's much better
To be lost together
And devote ourselves to a dream
And never fall Into routine
To keep our lines open
And live with what's broken" I know you're in pieces
You know I'm at sea
But something about you keeps calling to me
I know all your secrets
You know all of mine
The past is the past
And it's better
Left behind Your crooked paws
Your factory factory flaws
Your highs
Your lows
I love it all more than you know
Your whirl
Your woe
Your factory factory clothes
Your crooked glow
I love it all more than you know Your crooked paws
Your factory factory flaws
Your highs
Your lows
I love it all more than you know Your whirl
Your woe
Your factory factory clothes
Your crooked glow
I love it all more than you know
