Dolphins

Montreux

This whole world may never change
The way it's always been
I know all the ways of war
Cannot change it back again
I've been searching for the dolphins in the sea
Sometimes I wonder do you ever think of me
I'm not the one to tell this world
How to get along, yeah
I only know that peace will come
When all the hurt is gone
I've been searching for the dolphins in the sea
Sometimes I wonder do you ever think of me
Sometimes I think about
Saturday's child
And all about the time
You and me were black and white
I've been searching for the dolphins in the sea
Sometimes I wonder do you ever think of me
And this whole world may never change
This whole world may never change
This whole world may never change
