

Burn

Stemm

I'm not afraid
Shove in it (3x)
I'll set it off
Shove in it (3x)
I'm in your face
Shove in it (3x)
I'll set it off
Shove in it (3x)
I'm not afraid
Shove in it (3x)
I'll set it off
Shove in it (3x)
I'm in your face
Shove in it (3x)
I'll set it off
Shove in it (3x)
Set it off

Drop this it's time to get this out I'll say what I say and I say it with out shame

Not for a second did you leave me in doubt

I suggest you get the fuck out before we take you down

You think you've got answers inside that head of yours

Talkin shit about whats mine is mine is yours

I got news for you don't want to think it threw

The fear in you will hurt not protect you

The fear in you will hurt not protect you

Burn inside I can't take anymore

Burn inside I can't take anymore

Your no good (repeat 4x)

So what you want a piece of this

You say what you say cause your livin in shame

Shame ain't nothin but the game that you play

You ain't shit and you can't fuck wit dis

Many times I been beatin down

Can't stand can't feel can't breath any more

And I need some air I can't see so clear

Lookin threw that brookin mirror

And the dust ain't getting any clearer

Burn inside I can't take anymore

Burn inside I can't take anymore

Your no good (repeat 6x)

I'm not afraid

Shove in it (3x)

I'll set it off

Shove in it (3x)

I'm in your face

Shove in it (3x)

I'll set it off

I'm not afraid

Shove in it (3x)

I'll set it off

Shove in it (3x)

I'm in your face

Shove in it (3x)

I'll set it off

Shove in it (3x)

I'll set it off (repeat 7x)
