One Thing

Jonny Diaz

I bought my ticket and I paid in cash
I thought that this time the ride would last
And lead me to what I am looking for

I see the world as it rushes by
But nothing new is grabbing my eye
Just everything that I have tried before

Maybe Iâ€™ve been looking in the wrong place
Maybe Iâ€™ve been thinking that the world will
Fill me up full enough but it never works that way

There is just one thing that fills me up
One thing thatâ€™s true
There is just one thing that satisfies
That one thing is You

Show me everything I did not see
While I was searching the world for what was right in front of me
So much wasted wasting time

I see that Iâ€™ve been headed down the wrong track
Now I donâ€™t wanna ever go back
To the way it was all because
Youâ€™re all Iâ€™ll ever need

Iâ€™m tired of settling for this world and its bitter dreams
Thereâ€™s nothing here that satisfies like You
