The Hounds of Winter

Sting

Mercury falling

I rise from my bed

Collect my thoughts together

I have to hold my head

It seems that she's gone

And somehow I am pinned by

The hounds of winter

Howling in the windI walk through the day

My coat around my ears

I look for my companion

I have to dry my tears

It seems that she's gone

Leaving me too soon

I'm as dark as December

I'm as cold as the man in the moonI still see her face

As beautiful as day

It's easy to remember

Remember my love that way

All I hear is that lonesome sound

The hounds of winter

They follow me downI can't make up the fire

The way that she could

I spend all my days

In the search for dry wood

Board all the windows and close the front door

I can't believe she won't be here anymoreI still see her face

As beautiful as day

It's easy to remember

Remember my love that way

All I hear is that lonesome sound

The hounds of winter

They follow me downA season for joy

A season for sorrow

Where she's gone

I will surely, surely follow

She brightened my day

She warmed the coldest night

The hounds of winter

They got me in their sightsI still see her face

As beautiful as day
It's easy to remember
Remember my love that way
All I hear is that lonesome sound
The hounds of winter
They harry me down
