

# Not The Only Person

## The Rumble Strips

You're not the only person  
To get it wrong  
It's all right  
You're not the only person  
To get it wrong  
It's all right

A million other drunken white folks  
Ever ready with their banknotes  
You must've never met my wife though

You're not the only person  
To get it wrong  
It's all right  
You're not the only person  
To get it wrong  
It's all right

Oh you poor poor boys  
You don't know what you've done  
You poor poor boys  
You know you've still got time to run

I know it's gonna hurt your pride though  
To have to put away your knife so  
I'll come back here tomorrow night, alone

And you can take anything  
You can take anything that you want

Ahhh...

You're not the only person  
To get it wrong  
It's all right  
You're not the only person  
To get it wrong  
It's all right  
Ohhhh  
You're not the only person

To get it wrong

It's all right
