Tell Me More

Sandra

(gad - gad/hirschburger)Tell me more
Tell me more
Whatever I hear
It will be alrightTell me more
Tell me more
I wanna believe in you
For all timeBaby you try to find solutions
When there is notning you can do
Baby I'm hidin my confusion
Just when all I need is youCan't we try to understand each other
I will listen to you now
I will turn you inside outTell me more
Tell me more
Whatever I hear
It will be alright
(I was never ever tryin to hurt you)Tell me more
Tell me more
I wanna believe in you
For all time
(I didn't get to tell I love you)I've got to tell you just one reason
Why we can never be apart
Cause when I look you in the eye I see it
Feels so good when I'm around
You just have to let it outTell me more
Tell me more
Whatever I hear
It will be alright
(I was never ever tryin to hurt you)Tell me more
Tell me more
I wanna believe in you
For all time
(I didn't get to tell I love you)
