

# Human Toy

## Ready for the World

I'm just an average toy that can give you joy  
I can give you what the other girls want and hon even more  
You see, I don't come with directions, I'm a different kind of toy  
So come, baby, come and explore this human toyIt's alright, it's okay, you can play me everyday  
It's alright, it's okay, you can love me everyday  
Toy, toy, toyHey honey, how's it been with your boyfriend  
It don't look [Incomprehensible] treating you right, I'll be your toy friend  
Don't baby, do me like that, that he might find  
'Cause I'm the only one to treat you right, I know where's thatIt's alright, it's okay, you can play me everyday  
It's alright, baby, it's okay, you can love me everyday  
Toy, toy, toyToy, toy, toy, toy, toyI'm just an average toy that can give you joy  
I can give you what the other girls want and honey even more  
You see, I don't come with directions, I'm a different kind of toy  
So come, baby, come and explore your human toyIt's alright, it's okay, you can play me everyday  
It's alright, baby, it's okay, you can love me everyday  
Toy, toy, drummerWorldToy, toy, toy, toy
