

The Very Least of Us

Lordsong

Verse 1 Why would God's own Son lay aside His crown, to take the sand the feet of man and walk on common ground?

How could a King leave his throne, to be betrayed by his own?

Why did he choose so willingly to take on our humanity? Chorus So that He'd know how it feels to be broken,

By the sin His guiltless hands would never touch,

So much more than a sacrifice, Jesus paid the highest price,

He took our shame, He bore our pain

The greatest King, loved us so much

He became the very least of us Verse 2 He would have never known until His flesh revealed

What it's like to lose a friend or how temptation feels

He would never know the sting of death until He drew His last breath

Why did He chose so willingly to take our place at Calvary? Chorus Bridge

From the highest throne of heaven to the lowest depth of hell

He made a Himself an offering with a ... Chorus x2

He became the very least of us
