

Don't Call This Love

Leon Jackson

Cry in the rain, nothing to say
Lately I wonder who you are today
I know all about you but I don't understand
Why you won't see me? Why things have changed?
Oh baby, something's going on
God knows, I know
'Cause you can't keep nothing from me
'Cause I know what I've seen now
You can try your best to deceive
But I know where you've been now
And you can cry your heart out to me
But it's hard to believe
Don't call this love, love
I might be no good in your eyes only
But one day you'll see that I was good for you, honey
You need to grow up, get your life together
We can't go on now doing this to each other
Oh baby, something's going on
And God knows you know
'Cause you can't keep nothing from me
'Cause I know what I've seen now
You can try your best to deceive
But I know where you've been now
And you can cry your heart out to me
But it's hard to believe
Don't call this love, love
Oh, listen to me, ooh
Hey, no, no, no, no, no, baby
Don't call this love
'Cause you can't keep nothing from me
'Cause I know what I've seen now
You can try your best to deceive
But I know where you've been now
And you can cry your heart out to me
But it's hard to believe
Don't call this love
I said don't call this love
Don't call this, this love
Don't call it love
