Soul Coughing

Mid level manager says he heard about some Mulatto girl
Shot him in the mouth and left him in a hotel near the mid south offices
He worked in distribution, Regional Vice PresidentCollapse, unload it
Pop, pop, I must accumulate, unload it
Pop, pop, I must accumulate, unload it
Pop, pop, I must accumulateWell the soil is rich, competition fat, ripe and vulnerable
Oozing from the slats and too cash heavy, bloated
Sitting there all puckered up
Index of numbers is scrolling up screen, scrolling upCollapse, unload it
Pop, pop, I must accumulate, unload it
Pop, pop, I must accumulate, unload it
Pop, pop, I must accumulate
Collapse, unload it
Pop, pop, I must accumulate, unload it
Pop, pop, I must accumulate, unload it
Pop, pop, I must accumulateSmash it down to digits, gut it out and break it down
Liquid assets are seeping down, seeping down now
Seeping down, seeping down now
Seeping down, seeping down nowCollapse, unload it
Pop, pop, I must accumulate, unload it
Pop, pop, I must accumulate, unload it
Pop, pop, I must accumulate
Collapse, unload it
Pop, pop, I must accumulate, unload it
Pop, pop, I must accumulate, unload it
Pop, pop, I must accumulate
Pop, pop, I must accumulate
Pop, pop, I must accumulate
