Waiting

Juliet

Make a wish, say a prayer
Maybe both, would be fitting here
Take away, what remains
What remindsJust suppose, it was clear
Who we are, what we're doing here?
Take away, what is want
What is needWhile you hesitate
Hearts like mine will wait
In twoFind a place, find a home
Face to face, why am I afraid?
In this space, not to know
This unknownWhat is honest?
Is it greater than this promise?
What is obvious?
Is it greater than this silence?While you hesitate
Hearts like mine will breakWhile you hesitate
Hearts like mine will break
In twoIn two
