Medicate Me

The Night

thunder in the chapel,
lightning in the street,
flood has filled your house with..
creatures of the deep.

guilty wives, chauvinistic crimes,
go get, get wise, confess your lies,
ungrateful dead, your blood ain't red,
don't lose your head, forget what they all said..

i need my medication...so medicate me.

it's strange 'cause i like to be clean,
or was that just me in a dream?
see you get to a stage when you figure it out,
when you know who you are,
and just what you're about,
and in all of its glory, all of these stories
must come to an end, must come to an end,

i need my medication...so medicate me!
