

# Turn Your Heart Around

Colin Blunstone

Turn your heart around  
O cruel World, unfathomed  
Lies deep behind your eyes  
You look like a stranger,  
I feel Iâ€™m gone  
Caught In the darkness  
Thereâ€™s so much, unspoken  
Why have you turned to stone?  
The Silence, is broken  
I feel so weak  
This canâ€™t go on

Turn your heart around  
Donâ€™t let the sun go down  
Let our spirits fly forever  
Turn your heart around  
Donâ€™t let the sun go down  
Let our spirits fly together.

A cold wind, is blowing.  
It cuts me like a knife  
Iâ€™m naked, Iâ€™m helpless.  
I feel Iâ€™m gone  
Caught In the darkness  
No fire, no passion  
What are we doing here?  
Loveâ€™s magic, in pieces  
This empty night  
Is coming on?

Turn your heart around  
Donâ€™t let the sun go down  
Let our spirits fly forever  
Turn your heart around  
Donâ€™t let the sun go down  
Let our spirits fly together.
