Dancin' While Intoxicated (dwi)

Colt Ford

Yeah, they're dancing while intoxicated, DWI,
Coozie grippin' on my drink while I'm grippin' on her thigh
Back it in, jack it up, let me see you what you're pushing,
Body work looking good, and that seat got that cushion.
(Ladies!) Put it in reverse
(Fellas!) Put it in drive
10 & 2 on the hips and let that thing slide
[x2]Bounce it, shake it, move it, girl, let me see if you can do it.
Take it to the floor and prove it, get large, you're a pro I knew it.
Just like Taylor, I'm Swift, baby, and I ain't mean it's a gift, baby.
This is my kind of party and I don't want this night to end.
I'm a cowboy Casanova, so come on over and bring your friends,
I'll be your honey bee, cause girl, I think that I need you now.
So shake that thing, cause I'm in the zone,
All I'm thinkin' about is gettin' you home.
(?), some moonshine and honky-tonks.
Country must be country wide, so come on girl, just let me ride.
I hear them voices talking, they're saying shake it, honey.
There's a barefoot blue jean night and I got that lotto money
That lotto money, lotto money.
Yeah, they're dancing while intoxicated, DWI,
Coozie grippin' on my drink while I'm grippin' on her thigh
Back it in, jack it up, let me see you what you're pushing,
Body work looking good, and that seat got that cushion.
(Ladies!) Put it in reverse
(Fellas!) Put it in drive
10 & 2 on the hips and let that thing slide
[x2]
It's getting hillbilly hot in here,
Us Texas bolts know we like cold beer
Back up, girl, shake the rear.
Now plough the dance floor like an old John Deere.
Redneck Social Club got the game down tight,
Got two bucka bunnies, wanna do it all night.
All night, that's right, so turn on them lights.
(Surprise!) It's the wild wide west.
No need for VIP, cause I own this bar,
Took a shot of Crown, let's take it to the car.
Got the camera phone out like the video stores, going hard.

Drop it, spin it, the dance floor is yours, kick it.
Got a drink in my hand and I don't care what they're saying,
Gonna make that booty bounce, bounce, bounce
Gonna make that booty bounce, bounce, bounce.
Yeah, they're dancing while intoxicated, DWI,
Coozie grippin' on my drink while I'm grippin' on her thigh
Back it in, jack it up, let me see you what you're pushing,
Body work looking good, and that seat got that cushion.
(Ladies!) Put it in reverse
(Fellas!) Put it in drive
10 & 2 on the hips and let that thing slide
[x2]Okay, shots, shots, shots.
(?) and lemon drops, drops
(?) country women, hot, hot
Wanna see you on the floor, let me show you what we've got.
