

Underground Kings (Chopped Screwed by Slim K)

Drake

Bridge over troubled water, ice in my muddy water
Rich off a mixtape, got rich off a mixtape
Probably shouldn't be driving, it just got so much harder
Can't even steer straight, I can't even steer straight
Oh, fuck with me, I buy the shots
Live a little, cause niggas die a lot, and lie a lot
But I'm the truth that's right I fucking said it
The living proof that you ain't gotta die to get to heaven
You girl, you right there, you look like you like this shit
How'd I know, how'd I know? That's me on some psychic shit
I can tell a lie if you ask me about my whereabouts
But I might talk that real if you ask me what I care about
Reppin' bitches, reppin' bitches bitches
And reppin' reppin' them bitches until all of us switches
I swear, it's been two years since somebody ask me who I was
I'm the greatest man I said that before I knew I was
That's what's important and what really happened before this
When me and my crew was all about this rapper from New Orleans
Singing walking like a man, finger on the trigger
I got money in my pocket, I'm a uptown nigga, ah
With fame on my mind, my girl on my nerves
I was pushing myself to get something that I deserve
That was back in the days, Acura days
I was a cold dude, I'm getting back to my ways
People always ask how I got my nice things
Take my crown to the grave, I'm an underground king
I bet we can make tonight the greatest story ever told
Cause I'm down to spend whatever, lately I've been on a roll
And I do it for the city, cause you know the city love a nigga
Do it for the city, cause you know the city love it a nigga
Do it for the city, cause you know the city love it a nigga
Do it for the city, (UGK fuck these other niggas)
Sometimes I need that romance, sometimes I need that pole
dance
Sometimes I need that stripper that's gon' tell me that she don't dance
Tell me lies, make it sound good, make it sound good
Do me like the women from my town would
Leather with that woodgrain, Persian rugs on wood floors
Talking all them good things, that's all I'm really good for
Memphis Tennessee no, see I start to go deep back
And rich crust with my seat back with Yo Gotti and E-Mack

And these niggas got them diamonds glowing in they mouth
And they rockin' furs like it's snowing in the south
And every pretty girl tell me that's the shit that she like
So why am I a classic, this is who I'm trying to be like
So I drop out, lessons I was taught are quick to fade
As soon I realize that term-end papers they won't get me paid
If I don't nothing I'ma ball
I'm countin' all day like a clock on the wall
Yeah need that, making major changes to the life I'm living
I had no choice, I had to prove I made the right decisions
That was back in the days, Acura days
I was a cold dude, I'm getting back to my ways
People always ask how I got my nice things
Take my crown to the grave, I'm an underground king
I bet we can make tonight the greatest story ever told
Cause I'm down to spend whatever, lately I've been on a roll
And I do it for the city, cause you know the city love a nigga
Do it for the city, cause you know the city love it a nigga
Do it for the city, cause you know the city love it a nigga
Do it for the city, (UGK fuck these other niggas)
