This is an introduction to pacific island music

Jump up and down, together get wild and lose it

We got pacific island flava commin' at ya'

Ya might not feel it first but the beat will attack ya

So get up out your seat and dance along

We got that ragga rasta gunpowder feelin' song

6-5-4-3-2-1 bringin' the heat up all night long

Hawaii and tokyo bringin' a feel good stoney song

From a pacific island to another rising sun

We got that vibe. we gonna try to get ya'll to cry

You hear that sigh? you askin? why? everybody get high

Forget about your worries and have a good time

We? re hear to rhyme and flow with a lyrical stroll

So grab that girl and block out the world

Take your mind to the sky take a chance don? t even ask why

Come on and bounce along to our pacific island music song, come on This is an introduction to pacific island music
