Violent World

Vampires Everywhere

I feel death inside me
Every crevice of my body aches from it
I lay still, while shadows kiss my fingertips
Just let me in
I feel you all around me
Every touch, you know it makes me sick
I lay still, while shadows kiss my fingertips

It's a Violent World, deflate me
Call me a villain, most unclean
If faith is your weapon then I'm your disease
It's a Violent World
Inside of me
It's a Violent World

I've seen the dirty ending
Barley breathing, waiting for regret
I can't rest, until I've seen my soul again
Just let me in
I fear the shattered dreams
Haunting, hurting, taking all of them
I can't believe that I let you get to me

It's a Violent World, deflate me
Call me a villain, most unclean
If faith is your weapon then I'm your disease
It's a Violent World
Inside of me
It's a Violent World

Inside I'm awake
I'm already lost (lost)
It's like I'm a hurricane, an animal
Inside I'm awake
I'm already lost (lost)
It's like I'm a hurricane, an animal

It's a Violent World, deflate me
Call me a villain, most unclean

If faith is your weapon then I'm your disease
It's a Violent World
Inside of me
It's a Violent World
