Yes

Sam Thacker

yes you had me
yes i was yours
yes you left me right when i needed you
yes you showed me what i don't want to be
yes you would and yes you did
for a moment make me doubt myself
and yes you made stronger
now that you're gone

we're out of time
i try to be out of breath
and still turning it on
night after night
to bad we can't stop now
still i can't tell you where I'm from
so I'm moving on to another round
the same ol' shit
that put me in this place
I'm moving on so don't bring me down
cause you're only gonna see the best of me
yeah

yes you had me
yes i was yours
yes you left me right when i needed you
yes you showed me what i don't want to be
yes you would and yes you did
for a moment make me doubt myself
and yes you made stronger
now that you're gone

are we losing or lost
just so we're clear now
i don't need your spare change
ooh it can't be easy to watch
it's much harder to feel now
someone else inside of me
so I'm moving on to another round
the same ol' shit

that put me in this place
I'm moving on so don't ya bring me down
cause you're only gonna see the best of me
yeah

yes you had me
yes i was yours
yes you left me right when i needed you
yes you showed me what i don't want to be
yes you would and yes you did
for a moment make me doubt myself
and yes you made stronger
now that you're gone

all you had to say was you're not ready to give up no
i just want to be here
like this here ground beneath my feet again
all you had to be was on my side on my side

yes you had me
yes i was yours
yes you left me right when i needed you
yes you showed me what i don't want to be
yes you would and yes you did
for a moment make me doubt myself
and yes you made stronger
now that you're gone
now that you're gone
yeah yeah
yeah yeah
now that you're
