

# Gonna Be More Suspicious

[Robin Trower](#)

Feeling low down and dirty  
Just like a dog without a bone  
Oh, what happened to my lady?  
Better get her tail back home Gonna be suspicious  
More suspicious from now on Too much howling at big yeller  
Too much growling at the door  
Too much running round in circles  
Won't be kicked around no more Gonna be suspicious  
More suspicious from now on Feeling low down and dirty  
Getting me mad as hell  
Getting down, getting angry  
They're stealing water from my well Gonna be suspicious  
More suspicious from now on
