Voodoo

Bassnectar

Hey there Mr. Leaf Blower Man Keep it down for goodness sake It's way too early in the morning Can't you please use your wooden rake? You choose to ignore I Even though me hungover That's not being nice So tonight, your head will be covered in lice Voodoo spell on you Voodoo Voodoo You shouldn't have given that dirty stare Voodoo Voodoo Too late for sorry, go cut off your hair Hey there old, old woman Shopping for food at the store Why'd you run your cart into I And knock me eggs on the floor Then took the last unbruised cantelope And laughed so loud with glee But you won't be laughing "cause from now on it'll burn when you pee Voodoo spell on you Voodoo Voodoo

You couldn't have made I any madder
Voodoo Voodoo
That's why I put a curse on your bladder
Boodaloo Boodalay
Boodalee Boodalie
Are the words that he say
When you fuck with I
Voodoo
Hey there Mr. State Trooper
Me was only going 58
Please don't you write up that ticket
It'll ruin me insurance rate
You say you have a quota to meet
So straight to hell with I
Me have only one response

Boodalee Boodalie
Voodoo spell on you
Voodoo Voodoo
You cost I 80 dollars cash
Voodoo Voodoo
Me hope you like your new skin rash
