

Trash

Berlin

Feeling nervous, I'm feeling so strange
Just a prisoner wanting to escape
Let go feel your body, let go of your mind A walk on the wild side calls you
Safety in numbers pulls you in
Let go feel your body, let go of your mind Live a little trash
Make it fun, make it fast
Live a little trash
You can live with your past Live a little trash
Make it fun, make it fast
You can live with your past
Live a little Live a little trash
Make it fun, make it fast
Live a little trash
You can live with your past Live a little trash
Make it fun, make it fast
You can live with your past This tug of war is useless
Why not have your cake and eat it too
A little bit naughty, a little risqu One night living kamikaze
Dive in, do or die and make a splash
Then watch all the water run over the sides Live a little trash
Make it fun, make it fast
Live a little trash
You can live with your past Live a little trash
Make it fun, make it fast
You can live with your past Live a little trash
Make it fun, make it fast
Live a little trash
You can live with your past Live a little trash
Make it fun, make it fast
You can live with your past Live a little trash
Make it fun, make it fast
Live a little trash
You can live with your past Live a little trash
Make it fun, make it fast
You can live with your past
