

Look At The Sky (Feat. George Karalexis)

McFly

Someone, please look at the sky
It's not that you have to
It's just that I want you to realize Who-ooooh you are
Who-ooooh you are If I were you
I'd take a look outside
If I were you
I'd take a look outside, yeah
If I were you
I'd take a look outside
WoahAaaaah Someone, please look at the sky
It's not that you have to
It's just that I want you to realize Who-ooooh you are
Who-ooooh you are
Who-ooooh you are If I were you
I'd take a look outside, yeah
If I were you
I'd take a look outside, yeah
If I were you
I'd take a look outside
If I were you
I'd take a look outside, yeaaaaaaah (ba ba ba ba ba...) Take a look outside (ba ba ba ba ba...) Take a look... If I were
you
I'd take a look outside
If I were you
I'd take a look outside
If I were you
I'd take a look outside
If I were you
I'd take a look outside, yeaaaaaaah
