

# Emotional

## Fastball

She was looking through me  
Like I was made out of glass, a la la la la  
Heaven, lie and tell, comes back like up at a check  
Why do you get so emotional?  
Why do you get so emotional?  
Why do you get ?Smokin' and drinkin' tryin' to kick start  
Monday night, I try and I try  
A sneaky feeling is coming over me  
Why do you get so emotional?  
Why do you get so emotional?  
Why do you get so emotional?  
Why do you get so emotional?She said, "Boy, you take, you take me somehow"  
I don't know who you are anymore?  
I don't know who you are anymore?Too many complications, conversations that go nowhere  
Get out of my, my, my, my, head, head, I see you everywhere  
Why do you get so emotional?  
Why do you get so emotional?  
Why do you get so emotional?  
Why do you get so emotional?
