Unexpected Memories

Austin Peckham

Verse 1:

The rain came fallin on a Friday night
We were Hangin at the creek, campfire side

The moon was out, and it was gettin cold
So we went flyin down that old dirt road.

Got plenty of time so I don't mind

No we never plan for it
But these are the times we won't forget

Chorus:

Unexpected memories.
We were livin wild and free.
We were rollin' down back roads. Blarin' our radios. Not thinking bout tomorrow.

It means everything to me
These unexpected memories

Verse 2:

Yeah we did a lot of crazy things
But they ain't seen what we seen...baby

Spinning tires driving way too fast, you were lookin at me tryin' not to laugh.

All these memories we won't forget

No we never plan for it
But these are the times we won't forget

Chorus:

Unexpected memories.
We were livin wild and free.
We were Rollin' down back roads blarin' our radios, not thinkin bout tomorrow

It means everything to me

These unexpected memories

BRIDGE:

If I had to do it again
I wouldn't change nothin

If I had to do it again
I wouldn't change nothin

Chorus:

Unexpected memories.
We were livin wild and free.
We were rollin down back roads Blarin' our radios not thinkin bout tomorrow
It means everything to me, these unexpected memories
