The Secret (Iwaro Edit) [feat. Sarah Brightman]

Sash!

There's a secret about your love
That always keeps me thinking of
How we ease each others' painOnly when I feel you near
You take away my deepest fear
You put a spell on my heart
But I am not calling for any redemptionAnd the secret still remains
And I want you not to reveal
How you make me feel
How I have been touched by your loveSo you keep the key
And I keep on playing my part
Not knowing the game
And the secret will remainThese thoughts they haunt me every night
Visions covering my mind
Cause I know you can't be farJust the thought that you are mine
Makes cold wind shiver down my spine
You put a spell on my heart
But I am not calling for any redemptionAnd the secret still remains
And I want you not to reveal
How you make me feel
How I have been touched by your loveSo you keep the key
And I keep on playing my part
Not knowing the game
And the secret will remainAnd the secret will remain
And the secret will remain
And the secret will remain
