The Flipside

Moloko

Can't leave you alone

We can't leave you alone, no You can't hide from the flipside

Your foolish pride

Can't sustain the strain

Trouble bubbles insideYou can try but you cannot resist

If we insist, persistent, every instant

Every moment in time

We are on your mindCan't leave you alone

We can't leave you alone, noWe have ways to make you understand

We demand you let us in

Under your skinYou tuned in to the frequency

We can't let you be

We live happily, beneath

On the underneath

On the inside, the flipsideCan't leave you alone

We can't leave you alone, noIn your search for contentment

Tormented, unrelenting

Turbulent intentAnd all the money spent

You will listen precisely to each word

As it reoccursWe insinuate, irritate

We can't dissipate

Deflate your ego

Give up self controlCan't leave you alone

We can't leave you alone, no

We can't leave you alone

Can't leave you alone, noWhen will it end?

Delirium is back again

We will suspend

Numskulls are back around againTrouble bubbles inside

You cannot hide from the flipside

We are in your mind

Every instant, every moment in timeWe're alive and we will survive

As a part of you

Listen if we want you to

Can't you see?

Just a part of you are weSurround sound, you can't turn it down

A little frequency, dependency

You are we, all on your own

We can't leave you alone, noWe can't leave you alone

We can't leave you alone We can't leave you alone (Leave you alone)

We can't leave you alone, no

We can't leave you alone

(We can't leave you alone)

We can't leave you alone, noWe can't leave you alone

(We can't leave you alone)

We can't leave you alone, no

(We can't leave you alone)

We can't leave you alone

We just can't leave you aloneWe can't leave you alone

We can't leave you alone, no

We can't leave you alone

(We just can't leave you alone)

We can't leave you alone, noWe can't leave you alone

We can't leave you alone, no

We can't leave you alone

We just can't leave you aloneWe can't leave you alone

We can't leave you alone, no

We can't leave you alone

We can't leave you alone, no

(Give up self control)We can't leave you alone

We can't leave you alone, no

(Come on, give up self control)

We can't leave you alone

We just can't leave you alone
