

# Of Sinners & Saints

## Mercury Falling

Define the world at vacancy

The stronger who is right

Define the game

Define the truth

This time is letting you alive

Our opposites are one man to save

You're decoding the game

The devil beneath, the angels above and in between the human loss

Of Sinners and Saints

Of Pleasure and Pain

We are one man made of us

In Heaven and Hell

All along, sure

It's the human state

We are one

Of Sinners and Of Saints

Constructions of the anarchy

Creating yourself

And the systems of duality

You decide what you want to be

The devil beneath, the angels above and in between the human loss

Of Sinners and Saints

Of Pleasure and Pain

We are one man made of us

In Heaven and Hell

All along, sure

It's the human state

We are one

The Sinners and the Saints

(guitar solo)

Of Sinners and Saints

Of Pleasure and Pain

We are one man made of us

Of Heaven and Hell

All along, sure

It's the human state  
We are one  
The Sinners and the Saints

Of Sinners and Saints  
Of Pleasure and Pain  
We are one man made of us  
In Heaven and Hell  
All along, sure  
It's the human state  
We are one  
The Sinners and the Saints  
The Sinners and the Saints  
(end)
