Shine On

James Blunt

Are you calling for our last dance?
I see it in your eyes ... in your eyes
I could use the same old lines ... but I'll singShine on, just shine on
Close your eyes and they'll all be gone
They can scream and shout that they've been sold out,
But it paved the cloud that we're dancing on
So shine on, just shine on
With your smile just as bright as the sun
'Cause they're all just slaves to the Gods they've made
But you and I, just shone, just shoneAnd when silence greets my last goodbye
The words I need are in your eyes
And I'll singShine on, just shine on
Close your eyes and they'll all be gone
They can scream and shout that they've been sold out
But it paved the cloud that we're dancing on
So shine on, just shine on
With your smile just as bright as the sun
'Cause they're all just slaves to the Gods they've made
But you and I just shone, just shone
