

Promises, Promises, Promises

The Penguins

How can i believe
That you want deceive
all i guess from you
all words that don't come true
believe me
all the words i hear
go into my ear
but you never hardly
ever make in true my dearstop makin'
promises promises promises
that's all i get from you
i can believe your promises
that never do come true
don't make me
promises promises promises
although they're nice to hear
stop makin' all those promises
if you don't mean to dealsolo
stop makin'
promises promises promises
that's all i get from you
i can believe your promises
that never do come true
don't make me
promises promises promises
although they're nice to hear
stop makin' all those promises
if you don't mean to deal
Oh baby,
stop making' all those silly promises,
you don't mean the things you say,
do you hear?
we can leave all promises,
you know what i mean,
oh quit!
c'mon stop! there go!
