

# All The Way Down

## The Swell Season

Rock me like a lullaby, Roll me like a wheel  
I'm going down, down, all the way down  
Love me like a superstar, Play me like a steel  
I'm going down, down, all the way down  
Down, down, falling all the way down  
Stand, where the good love lies  
Be my man, I'll be your alibi  
Wonderland, wanna give it a try  
Let it ride

Rock me like a lullaby, Roll me like a wheel  
I'm going down, down, all the way down  
Love me like a superstar, Play me like a steel  
I'm going down, down, all the way down

Down, down, falling all the way down  
Here, where it all feels right  
Crystal clear, as a southern sky  
Oh my dear, you set my love on fire  
Everytime

Rock me like a lullaby, Roll me like a wheel  
I'm going down, down, all the way down  
Love me like a superstar, Play me like a steel  
I'm going down, down, all the way down  
Down, down, falling all the way down  
Show me now  
Show me now  
You gotta show me now
