World Go 'round

No Doubt

In the quickness of our haste
It seems we forget how to live
The old blueprint no longer manifests itself
As the correct way to exist
So wipe the grime off the view hole
And please take a closer look
Environmental bandits up to their shenanigans
Crooks disguised as, crooks disguised as
We've got to find another way to make the world go 'round
(The world go 'round, world go 'round)
We've got to find another way to make the world go 'round
(World go 'round, world go 'round, world go 'round)
Individual roles we think
Not so important to the plot
The big picture unseen leavin' life in between
Destroyed and overwrought
There's no need to point the finger
We understand who takes the blame
Delinquents caught red handed in the act
Crooks disguised as you and I
We've got to find another way to make the world go 'round
(World go 'round, world go 'round, world go 'round)
We've got to find another way to make the world go 'round
(World go 'round, world go 'round, world go 'round)
We've got to find another way to make the world go 'round
(World go 'round, world go 'round, world go 'round)
Yeah, I'll find another way

(World go 'round, world go 'round, world go 'round)
You see there's many, many, many, many people in the world
(Go and do it, people to people)
And I'm not sure if I like what I've heard
(Funny I find why)
I'm not sure if I like what I'm doin' myself
I'm not sure if I like how it'll turn, how it'll turn
Oh, degradation, they did well, if you will
I mean violation, oh
Inexcusable exploitation
(Exploitation)

It's the dawning of a new era of people consciously don't care
How unfair?
To find another way to make the world go 'round
We've gotta find another way to make the world go 'round
We've gotta find another way to make the world go 'round
Yeah, yeah, and yeah, I'll find another way, oh
Is there another way?
Hey, we've gotta find another way to make the world go 'round
World go 'round, world go 'round
You got to send me another way
If I'm putting this about haste people get
If I'm putting this about haste people get out to you
I'll find another way to make the world go 'round
