

# Human Revulsion

## Depraved Plague

Take Control. Of your life.  
Don't listen. To what they say.

Be yourself. If they hate.  
Stab everyone. In their throats.

Don't look back.  
walking through.  
Killing all you see.  
Don't think hard.  
Just let go.  
Make this all your time.

You've been a slave for far too long  
Enduring anything they tell you  
Thinking that you're always right  
But know you're a pawn

Set yourself free. Don't let them win

Set yourself free.  
Don't let them win.

Set your. self. free. Don't let them win

Human. Revulsion.
