

Talk Talk

Nazareth

Driftin' in the streetlight
Dancin' in the twilight zone
Dreamin' of a spotlight
Don't wanna go back home Joe and his buddies are hangin' around
Bad reputation all over the town
All they ever gonna do
Is talk, talk, talk, talk Lucy and debbie and donna and joyce
Bad reputation the same as the boys
All they ever wanna do
Is walk, walk, walk, walk Standin' on the sidewalk
Starin' at the storefront signs
Waitin' at the bus stop, truck stop
The hurry up and wait stop
They don't mind Tony and billy and johnny and sam
Struttin' and showin' they don't give a damn
All they ever gonna do
Is talk, talk, talk, talk Cindy and sunny and sally and sue
Thinkin' they're somethin', they're better than you
All they ever wanna do
Is walk, walk, walk, walk They're lookin' forward and movin' backwards fast
They gotta have a future
'cos sure as hell ain't got no past
But in the meantime They're lookin' forward and movin' backwards fast
They gotta have a future
'cos sure as hell they got no past They always have a good time
They never get a wake up call
They're hangin' out at maisies and daisies
They always love the crazies
That ain't all Tony and billy and johnny and sam
Struttin' and showin' they don't give a damn
But all they ever gonna do
Is talk, talk, talk, talk Cindy and sunny and sally and sue
Thinkin' they're somethin', they're better than you
All they ever wanna do
Is walk, walk, walk, walk
